2. [Cases](#)
3. **Statistics**

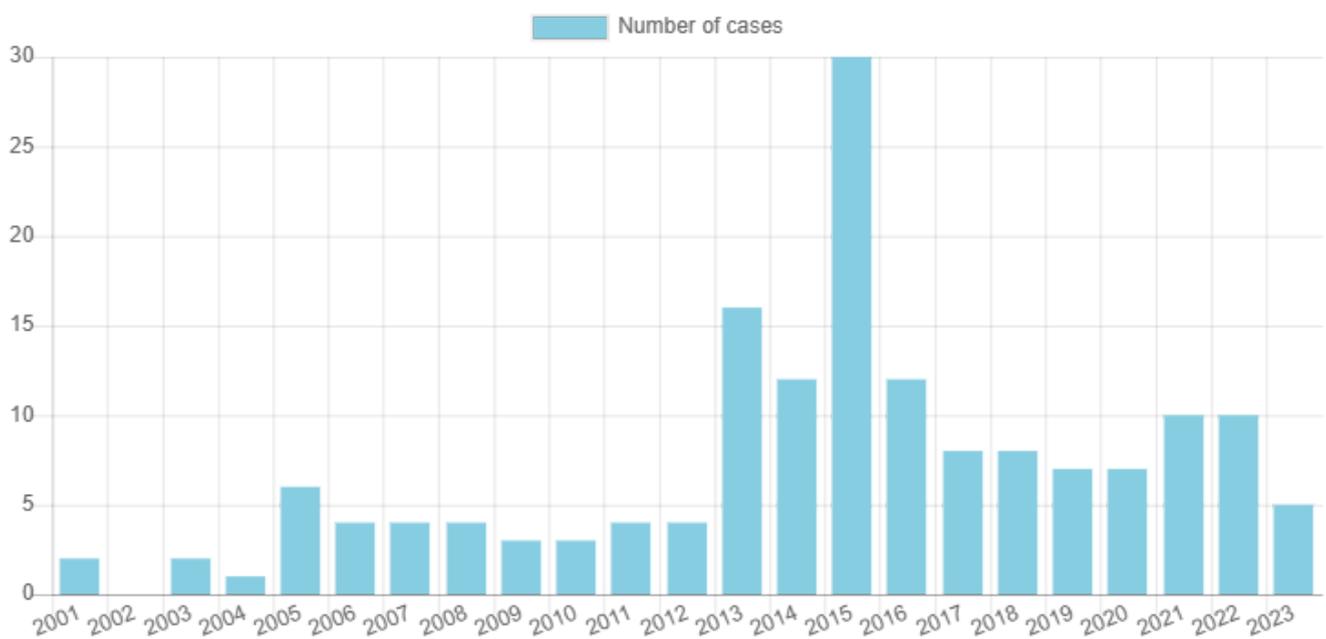

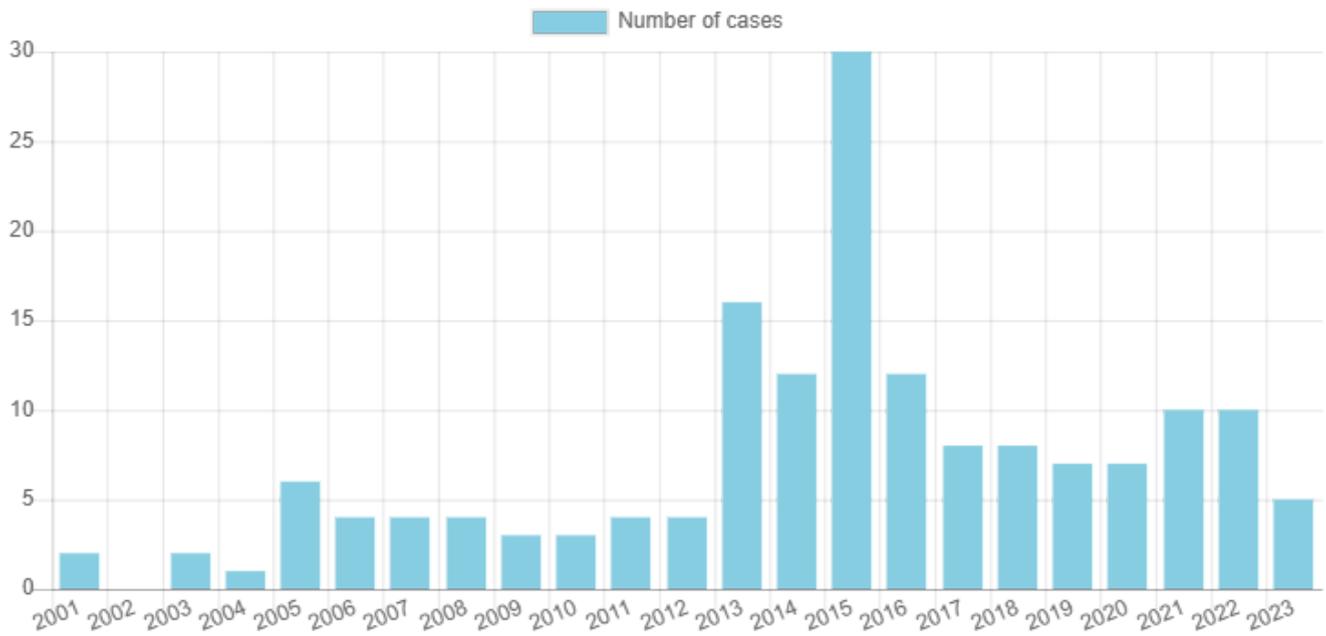

*\* In case of double nationality of a claimant, both nationalities are taken into account.  
A case may be instituted by more than one claimant.*

*\* 51 cases are still pending and in some of the cases, there is no publicly available information on the exact amounts claimed and/or awarded; one case involves more than one form of energy sources.*

*\*\* In six cases, it has not been possible to identify particular energy sources.*

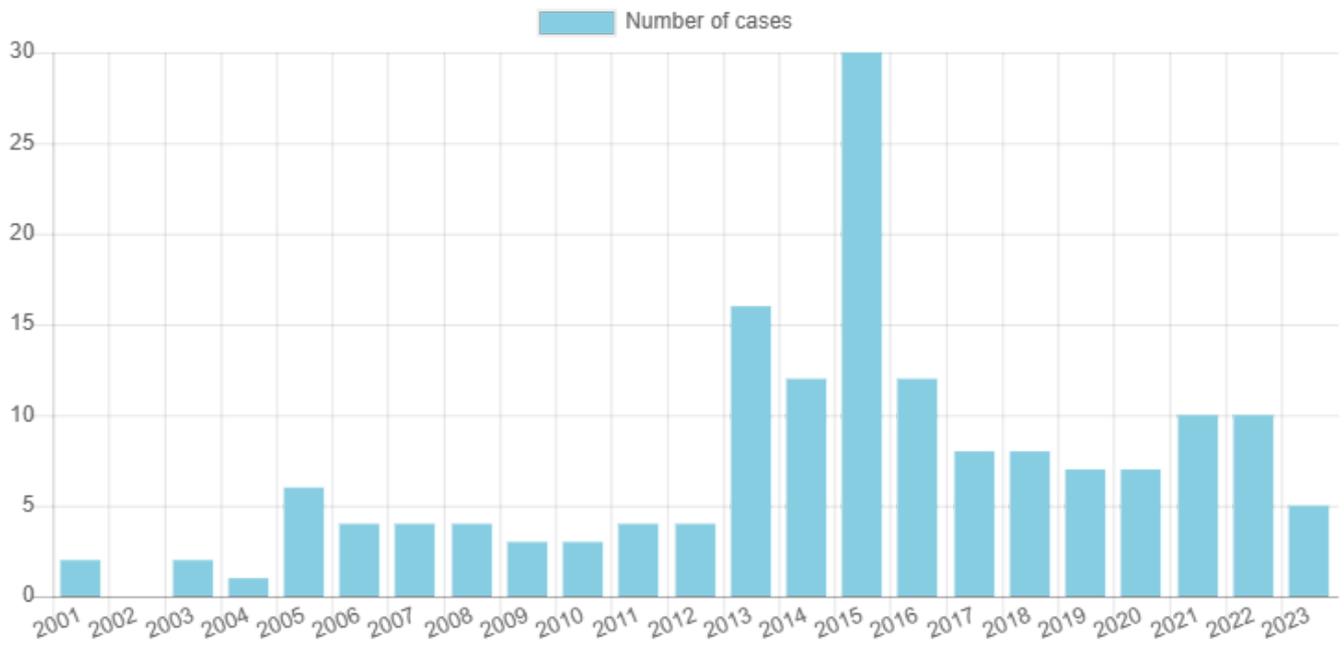

*\*\*\* Excluding tax gross-up and interest on damages claimed and awarded.*

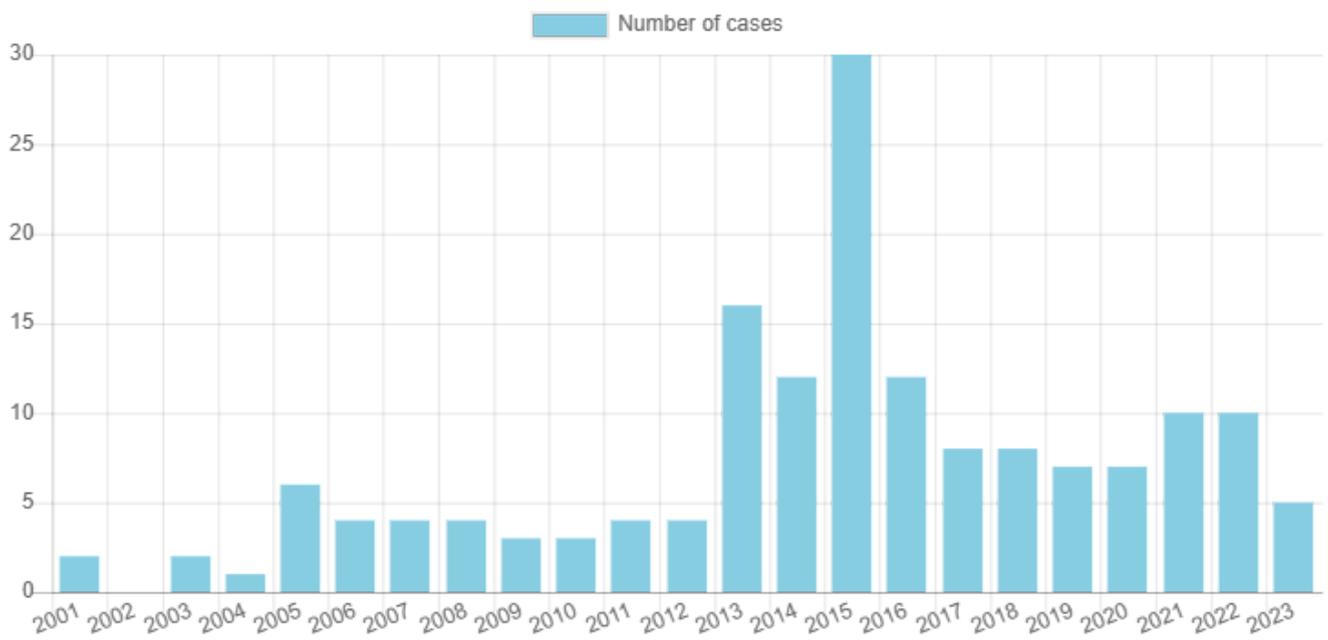

*\* In seven cases, it has not been possible to identify particular renewable electricity generation technology employed.*

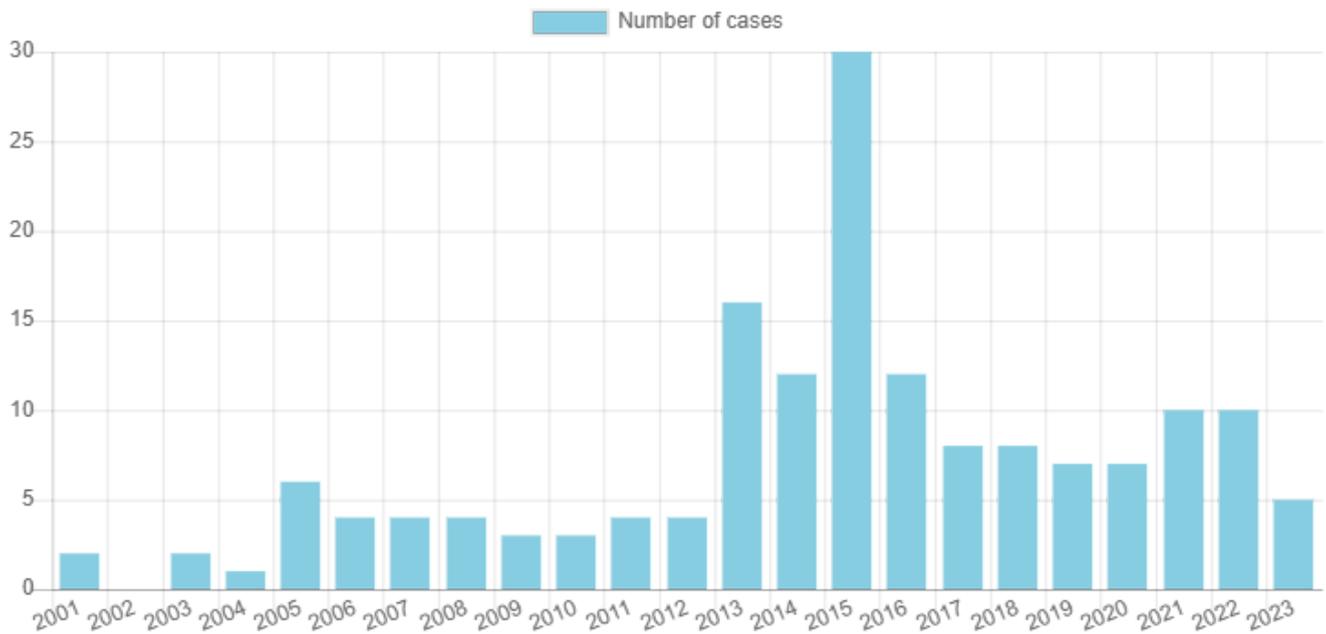

*\*\* In two cases, it has not been possible to identify particular solar electricity generation technology employed.*

*\*\*\* In one case, it has not been possible to identify particular sub-sector.*

*\* Cases with mixed claimants are included in both categories. Therefore, the numbers indicated may be higher than the actual number of cases instituted in a given year.*

*\* Having found the State liable under another international agreement, the tribunal dismissed an alternative claim under the ECT.*
